Hiring Manager

Ametek, Inc.

Herndon, VA

Dear Hiring Manager,

I am writing to express my interest in the Information Technology Intern position at Ametek, Inc. With a background in customer service and technical support, along with hands-on experience in software development and system troubleshooting, I am eager to bring my skills and passion for IT to your innovative team.

During my time as a Customer Service Representative at Moniepoint Inc., I provided technical support to hundreds of users daily, resolving issues related to POS devices, software configurations, and system errors. This experience honed my ability to troubleshoot hardware and software problems efficiently and communicate clearly with both technical and non-technical users.

I am currently advancing my knowledge in areas such as system administration, programming, database management, with working knowledge of windows OS, Microsoft Office Suit, and basic networking concepts. I am a quick learner, detail-oriented, and excited about the opportunity to gain hand-on experience in a dynamic IT environment Telular.

I would welcome the chance to contribute to your team and grow within Ametek's supportive and innovative culture. Thank you for considering my application. I look forward to the opportunity to discuss how I can support your team's goal.

Sincerely,

Samuel Ibukun
